A unicorn on the move

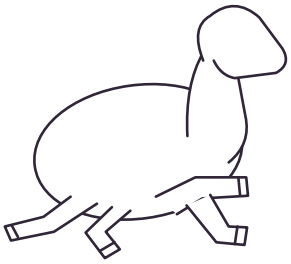

Six original drawing steps. Light guide marks can be erased at the end.

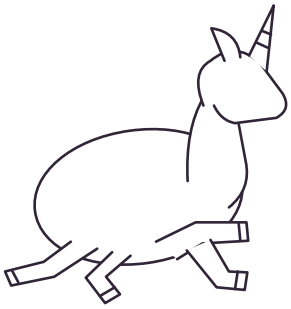

1. Tip the body oval forward.

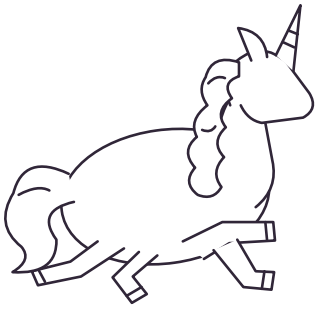

2. Add the long neck and face.

3. Spread four separate bent legs.

4. Add an ear and the horn.

5. Let the mane and tail curl back.

6. Finish the face and four hooves.

Use the back for your own version. Count all four feet before adding the background.
